ACPHARM Private Label Skincare

We are a Compounding Pharmacy located on the Gold Coast in QLD, owned and operated by a husband and wife duo, Pharmacist & Beauty Therapist. Together we have developed a range of pharmaceutical grade skincare products containing topical vitamins, peptides, AHA/BHAs and proven active ingredients. We also offer a range of private label vitamins & supplements and a professional range of products for use in clinic treatments.

Samantha & Jack Hammond

We offer an all inclusive private label skincare service with over 38 skincare products, 3 packaging options and 3 label templates so that the opportunities to design your own Private Label Skincare Product is endless...and the decisions are left in your hands.

Our Lab

Our cosmetic laboratory is located at ACPHARM in Ashmore on the Gold Coast. ACPHARM is the largest compounding pharmacy in Australia, with over 1500sqm of dedicated compounding space. We have a purpose built cosmetic compounding laboratory, fitted out with stainless steel equipment, medical grade flooring and wall coverings & strict pharmaceutical guidelines.

Our cosmetic lab is where we produce all of our skincare products. We have the ability to manufacture up to 10,000 products per week. We like to say our products are hand crafted, but we do have a bit of help with some of our equipment such as: cream mixers, emulsifiers, electronic mortar and pestles, precision balancers (scales) and many other handy tools and utensils.

To ensure a clean and safe lab environment, when compounding/manufacturing our products, our staff are required to wear full laboratory gear including a lab coat, hair nets, shoe covers and gloves. Our staff are fully trained by our cosmetic pharmacist and strive to provide accuracy and attention to detail.

F.A.Q

How do I order?

To place an order for samples, simply visit our products page via our website and add the products you wish to sample to your cart.

To be able to order your own private labelled products you will need to first register as a clinic/ business customer by clicking on '[Order now](#)' and complete all of your labeling and packaging selections. Once registered you will be emailed a personalised login & label proof which will allow you full access to our ordering platform.

What is the minimum order I can purchase?

ACPHARM have a minimum order quantity of only 5 units per product if you want them private labelled. We do however allow a minimum order quantity of 1 unit for sample orders

What is included in the price of my Private label product?

We offer a fully inclusive product including a choice of 3 packaging options & 3 label layout options.

What is the RRP (recommended retail price) of the products?

The benefit of having a private labelled product, means you can market the product however and to whomever you wish. We recommend a minimum of 100% markup on all products.

Can anyone order Private Label Products from ACPHARM QLD?

Yes, if you have knowledge in skincare products and the ingredients used in our products. Because our range is medical grade, adequate training and knowledge in skin care products is a requirement as we do not offer training.

Can you recommend a company to design my labels or boxes?

Unfortunately not. As we cannot guarantee the service of external companies, we prefer not to give recommendations.

Can I sample products before I buy them?

Yes, we offer full size samples to you at our wholesale price for your first order. This enables enough product for you to effectively test and trial the product to its full ability. Our samples are not private labelled, however you can choose which packaging you wish to trial. They will come with our generic ACPHARM label on them. You can order samples [HERE](#)

Can I make slight changes to the formula of your products?

Unfortunately not. All of our formulas have been tried and tested for over 10 years, making changes to them can affect the stability and change many other factors. Our set formulas, is what allows us to be able to offer low minimum order quantities and cost effective pricing.

Do you supply the products in bulk for me to package and label myself?

No, unfortunately we no longer offer this service. We do however offer the products in CLINIC SIZES for professional use.

Do I need to have insurance for my products?

We carry our own product liability insurance for the products, however, as the products are sold/ recommended by you and private labelled with your business details & logo, we would recommend obtaining your own liability insurance as well (this is not a legal requirement).

F.A.Q

Are the products tested on animals?

Absolutely not! We are animal lovers here at ACPHARM and do not test or trial any products on animals.

Are the products paraben and sulphate free?

Our products have been tirelessly formulated and developed to ensure that both of these nasty additives are no longer used in any of our product ranges. We are proud to offer a product that is

***Paraben Free *Sulphate Free *No synthetic fragrances *No artificial colours *Cruelty Free**
***Australian Made *VEGAN (selected products)**

Can I return my products if I am unhappy?

If the product or packaging is faulty or not working as it should be, we will replace the product free of charge within 3 months of purchase. We usually request photographic evidence of the faulty product if the item can not be returned to us. Unfortunately we cannot replace or return due to change of mind or skin allergies.

What is the safe lifespan of the products?

Our products contain minimal hazardous chemical additives that are bad for you and are used to prolong shelf life. However, our products still maintain for 6 months after opening and 12 months from date of manufacture. Manufacture dates can be found on the base of your bottle.

Is there a discount for bulk buying?

Yes there is if you purchase a bulk amount of one product.

50+ units = 15% discount

100+ units = 20% discount

500+ units = 35% discount

Shipping

We use Australia Post, Aramex Couriers and TNT to ship out orders Australia wide. We do not currently offer international shipping.

Under 100 units

Australia Post Express \$35.00

Aramex Couriers \$25.00

to WA with Aus Post Express \$40.00

To New Zealand \$55.00

Over 100 units

Australia Post Express \$75.00

Aramex Couriers \$55.00

to WA with Aus Post Express \$80.00

Over 400 units

Express shipping with Aus Post/TNT = \$110.00

To WA = \$160.00

How long will my order take to be ready?

Up to 100 units – 5-7 business days

100+ units – 7-14 business days

500+ units – 10-15 business days

1000+ units – 15-25 business days

If you are requiring delivery within Australia, please allow a further 2-3 business days.

Labels

We offer a free basic labelling service fully included in the price of your product. We are able to label your chosen products with a custom designed label to suit your skincare range.

Our free label template designs contain all of the required information to cover Australian Skincare labeling laws, as well as the necessary information regarding used by dates and cautions.

Our labels designs are printed on a clear, water resistant, polyester, durable label that is applied to the packaging by hand.

You have multiple options when it comes to the label on your bottle.

1. We can design and print your label using one of our templates below
2. We can print the label design you have had designed (as long as they follow our labelling requirements) [Download Labelling Requirements](#)
3. You can have your labels designed and printed externally and post them to us for application
4. We can send the products unlabelled

How do we customise your label?

1. We will upload your logo onto the template where it says 'YOUR LOGO HERE'
2. The GREEN colored parts of the label can be changed to match your logo or other colour that you wish to use.
3. The product name & description can be changed to the custom information you want to use.
4. We will apply your contact details to the back (right) side of the label
5. All of the above information can be provided to us at [REGISTRATION](#) and then we will design your own customised label and send you a preview once your account is set up.

Our Packaging

We offer 3 types of packaging options for our Private Label Range. We have selected the 3 most popular packaging options that we believe are the best for keeping the ingredients in our products safe and stable whilst remaining affordable...and the best part, our packaging is included in the price.

Medical Grade White Airless pumps

Our white medical grade packaging is our most popular packaging option. We highly recommend this packaging and it provides UV protection, it is an airless pump calibrated to dispense 0.5ml per press and a side viewing window to display how much product is remaining in the jar.

Silver Airless pumps

Our silver pumps and pots are also a very popular option for packaging our products into. They are very appealing on the eye and also offer an airless pump to best store your products. They are a brushed aluminium pump bottle with a chrome lid.

Black PET Airless pumps

Our Black/clear airless pumps and jars are a new addition to our packaging options. They provide a more masculine look, and can also be very appealing if you want to showcase the creams/serums etc inside of the bottle. They are made of PET plastic and come in a range of sizes of airless pumps and jars.

Our Products

OUR PRODUCTS – YOUR BRAND

We offer Pharmacist formulated skin care products that are hand crafted in our purpose built skincare laboratory. Our range consists of active ingredients proven to work, using AHA/BHA ingredients, topical vitamins and bases that allow for the best absorption of the ingredients. Instant Facelift Mask (50ml activator & 50g powder)

Paraben & Sulphate Free

No synthetic fragrances

No artificial colours

Cruelty Free

Australian Made

Our instant face lift kit delivers effective and immediate age correcting and lifting results to the face, neck and décolletage area, with just one 20 minute treatment. This powerful combination of tightening and nourishing ingredients allows it to lift, tone and firm the skin from the neck up, with immediate results that include a noticeable reduction in the appearance of fine lines, wrinkles, dark spots and sagging skin.

*This mask is a 2 part product-1 part powder : 1 part liquid to be mixed prior to application

INGREDIENTS

INSTANT FACE LIFT MASK ACTIVATOR GEL: Purified Water, Fucus Vesiculosus Extract, Niacinamide, Propylene Glycol, Lactobacillus/Papaya Fruit Ferment Extract, Hexylene Glycol, Glycerol, Panthenol, dipeptide diaminobutyroyl benzylamide diacetate, Carbomer, Xanthan Gum, Caprylyl Glycol, Hyaluronic Acid, Urea, Diazolidinyl Urea, Phenoxyethanol, Ethylhexylglycerin, Potassium Sorbate, Triethanolamine
INSTANT FACE LIFT MASK POWDER: Albumen, Zea Mays (Corn) Starch, Silica, Collagen, Dipalmitoyl hydroxyproline, Allantoin, Citric Acid.

DIRECTIONS

Measure 5ml (one level spoonful) of Powder and add to bowl. Then measure 5ml (one level spoonful) of Activator gel and add to bowl. Mix together in the bowl, to form a thin paste. Apply to clean skin with a brush in upward and outward strokes avoiding eye and lip area. Avoid facial movements until product dries. Wait a minimum of 7 minutes or 20-30 minutes for a firmer lift. Remove with a warm flannel and pat face dry.

SHORT SUMMARY LABEL

This powerful combination of tightening and nourishing ingredients allows it to lift, tone and firm the skin from the neck up, with immediate results that include a noticeable reduction in the appearance of fine lines, wrinkles, dark spots and sagging skin. Suitable for all skin types

Exfoliating Sheet Mask (1 mask)

Our at home exfoliating sheet masks brings effective exfoliating & moisturising properties using active fruit enzymes & acids (AHAs). Using a mix of non-abrasive exfoliating ingredients: Pineapple, Papaya and other Superfruit Enzymes, as well as moisturising and repairing ingredients, Vitamin B3/B5 & Hyaluronic acid, you can expect this mask to exfoliate, improve skin texture and leave you with soft, glowing skin. Suitable for normal- oily skin types (not suitable for sensitive skin). VEGAN
*This mask is a 2 part product-1 part powder : 1 part liquid to be mixed prior to application

INGREDIENTS

Purified Water, Vaccinium Myrtillus Fruit Extract, Saccharum Officinarum Extract, Citrus Aurantium Dulcis Fruit Extract, Citrus Limon Fruit Extract, Acer Saccharum Sap Extract, Hyaluronic Acid, Lactobacillus/ Papaya Fruit Ferment Extract, Lactobacillus/Ananas Sativus (Pineapple) Fruit Extract, Panthenol, Carbomer, Niacinamide, Averrhoa Carambola Fruit Extract & Passiflora Incarnata Fruit Extract & Actinidia Chinensis (Kiwi) Fruit Extract & Garcinia Mangostana Extract & Ananas Sativus (Pineapple) Fruit Extract & Punica Granatum Extract & Litchi Chinensis Fruit Extract & Zizyphus Jujuba Fruit Extract & Psidium Guajava Fruit Extract Aloe Vera Liquid, Propylene Glycol, Phenoxylethanol, Caprylyl Glycol, Triethanolamine, Potassium Sorbate

DIRECTIONS

For use on all skin types. After cleansing, remove sheet mask from sachet and apply to face, ensuring mask is not covering lips or eyes. After 10-15 minutes remove sheet and thoroughly rinse off any remaining serum. After cleansing, pat dry & moisturise. For use 1-2 times weekly. NOTE: Serum will cause redness and tingling of the skin for up to 60 minutes after use- especially on sensitive skins. Best applied at night, before bed. Avoid facial movements until product dries. Wait a minimum of 7 minutes or 20-30 minutes for a firmer lift. Remove with a warm flannel and pat face dry.

Proluronic Serum (200ml/ 500ml)

Paraben & Sulphate Free

No synthetic fragrances

No artificial colours

Cruelty Free

Australian Made

Vegan

Hyaluronic acid 1%, Vitamin B3 1% & Vitamin B5 1%

This B5 B3 serum is enriched with vitamin B3 (Niacinimide) and B5 (Panthenol) known to help with tissue repair, it replenishes nutrients the skin needs to feel smooth and appear younger. This moisture-enhancing gel contains hyaluronic acid, the body's natural hydrator, to bind moisture to the skin.

INGREDIENTS

Purified Water, Propylene Glycol, Hyaluronic acid, Niacinamide, Panthenol, Aloe Vera Liquid, Potassium Sorbate, Triethanolamine

DIRECTIONS

Apply generously to entire face and décolletage as a pre, post or during serum. Great for skin needling and as a post skin treatment mask.

Salicylic acid Peel (100ml)

Mild 15%/ Medium 20% Strong 30%/

Paraben & Sulphate Free

No synthetic fragrances

No artificial colours

Cruelty Free

Australian Made

Vegan

AVAILABLE STRENGTHS AND PH LEVELS

Mild 15% Salicylic Peel Perfect for sensitive skin – pH 3.5

Medium 20% Salicylic Peel Perfect for multiple skin types- For a slightly stronger peel. pH 3.5

Strong 30% Salicylic Peel Perfect for tough skin and those who have used peels

Salicylic Acid peels are particularly helpful in clearing clogged follicles and in promoting exfoliation. They are primarily used for acne, but can also be used to reduce the appearance of age or discoloured spots.

INGREDIENTS

Glycerol, Salicylic Acid, Propylene Glycol

SHORT SUMMARY LABEL

Lactic acid peel (100ml)

Mild 15%/Medium 20% Strong 30%/

Paraben & Sulphate Free

No synthetic fragrances

No artificial colours

Cruelty Free

Australian Made

Vegan

AVAILABLE STRENGTHS AND PH LEVELS

Mild 15% Lactic Peel Perfect for sensitive skin – pH 3.5

Medium 20% Lactic Peel Perfect for multiple skin types- For a slightly stronger peel – pH 3.5

Strong 30% Lactic Peel Perfect for tough skin and those who have used peels previously – pH 3.5

Lactic acid is specifically used to treat hyperpigmentation, age spots, and other factors that contribute to a dull and uneven complexion. Other benefits of AHAs like lactic acid include improved skin tone and reduced pore appearance. It is also a great choice if you wish to ensure the skin maintains it's moisture.

INGREDIENTS

Glycerol, Lactic Acid

DIRECTIONS

Apply peel solution to clean skin using gauze or cotton pad. Leave on the skin for 5-20 minutes depending on skin types and then remove thoroughly with water. *neutralising not required. *crystallisation may occur on the skin.

Glycolic Acid Peel (100ml)

Mild 15%/Medium 20% Strong 30%/

Paraben & Sulphate Free

No synthetic fragrances

No artificial colours

Cruelty Free

Australian Made

Vegan

AVAILABLE STRENGTHS AND PH LEVELS

Mild 15% Glycolic Peel Perfect for sensitive skin – pH 3.5

Medium 20% Glycolic Peel Perfect for multiple skin types (Not sensitive) – pH 3.5

Strong 30% Glycolic Peel Perfect for tough skin and those who have used peels previously – pH 3.5

By removing damaged cells from the skin's surface, glycolic acid also stimulates collagen production and speeds up the natural skin renewal process. Glycolic acid preparations are recommended for those whose skin is showing signs of ageing. Fine lines, brown marks and solar keratoses can improve with regular applications or peels. Glycolic acid may also prove helpful for those prone to acne.

INGREDIENTS

Glycerol, Glycolic Acid, Trolamine

DIRECTIONS

Apply peel solution to clean skin using gauze or cotton pad. Leave on the skin for 5-20 minutes depending on skin types and then remove thoroughly with water. *neutralising not required. *crystallisation may occur on the skin.
